

# CHIEF of NEUROPATHOLOGY

## Henry Ford Health

Detroit, Michigan, United States

Henry Ford Department of Pathology and Laboratory Medicine is seeking an ABP neuropathology board certified neuropathologist to lead the Clinical Neuropathology Section. The successful candidate will be accomplished in diagnostics, education and clinical investigation. Academic appointment will be in the Michigan State University College of Human Medicine. This senior staff pathologist position is fortified by partnerships with clinicians and scientists of the Henry Ford Neuroscience Institute, ranked among the top 10% of neuroscience centers nationally. It is home to the Hermelin Brain Tumor Center and provides unique access to the largest brain tumor biorepository with combined informatics database in the US. Henry Ford is a major participant in the National Cancer Institute's Adult Brain Tumor Consortium, performing innovative phase 1 and 2 clinical trials.

The Henry Ford Health System, Detroit, is one of the largest healthcare delivery systems in Southeast Michigan, the 6th largest site for graduate medical training in the US, and the 3rd largest source of NIH research funding in Michigan. Henry Ford Health is partnered with the Michigan State University College of Human Medicine in a long term academic research and teaching partnership. The Pathology Department is a Lean managed enterprise and the largest ISO 15189 accredited laboratory system in the Americas. Henry Ford Hospital is a leading US academic medical center, flagship of the health system and home to a new \$150M destination precision medicine cancer center. The Pathology product line oversees laboratory testing at 5 system hospitals, 30 clinic delivery sites with 40 senior staff pathologists and clinical scientists, complemented by 750 technical staff, handling 12 million clinical laboratory tests and over 150,000 anatomic specimens. Our Center for Precision Diagnostics is the most comprehensive NGS Genomics testing service in Michigan. This position will report to the Vice-Chair for Anatomic Pathology.

Interested applicants should submit CV, a statement describing previous accomplishments and future direction, with names of 3 references to:
