

THE UNIVERSITY OF MISSISSIPPI
MEDICAL CENTER™

Academic Neuropathologist, UMMC Department of Pathology

The Department of Pathology at the University of Mississippi Medical Center is seeking a full-time academic neuropathologist with strong diagnostic skills and an interest in teaching and research. Qualified candidates must have an MD, DO or MD/PhD degree, AP board certification, NP board certification or eligibility and eligibility for an unrestricted license in the State of Mississippi.

The anatomic and clinical pathology faculty within the University of Mississippi School of Medicine are collectively responsible for over 25,000 pathology cases per year and are members of an active research environment.

UMMC has an accredited AP/CP residency training program. Excellent teaching skills and experience with medical student education are highly valued.

UMMC is an equal opportunity employer and encourages all who are interested in this position to apply.

This position is posted as open rank and offers a J-1 Visa Waiver Opportunity.
